

Accreditation

As Members of American Association of Christian Schools (AACCS) we have access to the direction and accountability needed to properly administrate. Although we are not pursuing accreditation through the AACCS accrediting service, we conform to a comprehensive list of AACCS safety and academic requirements.

Curriculum

LVCA uses the **A-BEKA** curriculum for Pre-K4 through 6th grades and the **Accelerated Christian Education (ACE)** curriculum for the 7th grade level and above. Both curriculums offer high academic standards as well as sound Biblical incorporation of God's Word and have character, attitude, and service concepts incorporated throughout. Our teachers participate in continuing professional education classes, many of which are taught by teachers at Pensacola, Florida or at ACE education conventions.

Our Philosophy

We at LVCA understand that children must want to learn and apply themselves in order to achieve academic success. It is because of this basic understanding that we incorporate character development, attitude maintenance, and service into our daily routine. Learning to respect ourselves and others fosters a desire to serve our community; therefore, students will become productive members of our society. God's Word is the foundation on which we stand, and we do not apologize for our foundation. By memorizing portions of God's Word our students will be accessing fundamental lessons in character development, attitude control, and service.

We further understand that parental involvement is essential to a child's academic success. Realizing this, we expect parents to take an active role in their children's education. Parents enrolling their children are basically agreeing to a partnership with the school and are acknowledging an understanding of their responsibility to the success of their children's education.

School Verse

"Let the words of my mouth, and the meditation of my heart, be acceptable in thy sight, O LORD, my strength, and my redeemer".
Psalms 19:14

"Where Character, Attitude, Service, and Academics unite in education."

School Colors

*Red symbolizing the blood of Christ

*White because His blood washes us as white as snow

*Blue symbolizing His friendship
